Save on Energy – Retrofit Cheque Presentation

Date: March 29, 2018

Customer: Kidds Home Hardware
Address: 20 John Street, Sundridge
Project: Lighting Retrofit
Photo: Marjorie MacDonald, CDM Administrator, Lakeland Power
Peter Kidd, Owner, Kidd's Home Hardware

Project Details

Kidd's Home Hardware in Sundridge recently replaced some exterior lights with LED fixtures. Through the Save on Energy Retrofit program offered by Lakeland Power, the business received an incentive of \$910, based on annual energy savings of over 9,500 kWh.

Eligible Incentive: \$ 910.00 + HST
KWh Reduction: 9,616 kWh

Save on Energy Details – www.saveonenergy.ca

Save on Energy conservation programs are designed to assist homeowners and businesses from the smallest retail stores to the largest industrial complexes to use energy more efficiently. The programs are supported through the Independent Electricity System Operator (IESO) and offered by Lakeland Power Distribution Limited

Save on Energy programs include energy-saving initiatives that cost-effectively reduce energy use in Ontario, while providing customers with a wide range of opportunities and tools to help them better understand and manage their overall energy use. Programs include the Heating and cooling program which provides rebates for energy-efficient furnaces and air conditioners as well as Retrofit programs that provide incentives to businesses to upgrade to more efficient lighting systems and machinery.

Ontario's Conservation First Framework guides Ontario's conservation efforts. As part of the Framework, customers across Ontario will see innovative and cost-effective electricity conservation programs offered to homes, businesses and industries.

Lakeland Power Details

The Save on Energy programs provide a great opportunity to bring money into the community and help our customers implement projects to reduce their energy use,” said Brian Elliott, Operations Manager of Lakeland Power. “Many projects wouldn’t be implemented without these incentives and we’re pleased to be able to make them available to our customers and municipalities.”

Lakeland Power is committed to serving its customers and deliver Save on Energy Programs. “Lakeland Power has aggressive energy targets ahead of them”, said Chris Litschko, Chief Executive Officer for Lakeland Power. “In 2016 we entered the Independent Electricity System Operator’s (IESO) new Conservation First Framework, where we are set to reduce over 15 Gigawatts (GW) of energy. This is a huge undertaking but we are confident that it is reachable target. We are proud to work with local businesses in assisting them to reduce costs.”

New programs are about to be released that will help residents and businesses save money. Visit Lakeland Power.on.ca or email conservation@lakelandpower.on.ca
