## Save on Energy – Retrofit Cheque Presentation

Date: January 10, 2019

Customer: West Parry Sound Health Centre  
Address: 6 Albert Street, Parry Sound  
Project: Equipment Retrofit

Photo: Jennifer Montpetit, Advanced Planning and Communications, Lakeland Holding Ltd  
Dave Gohier, Manager of Plant Operations, WPSHC  
Donald Sanderson, CEO and Secretary Treasurer, WPSHC  
Marjorie MacDonald, CDM Administrator, Lakeland Power Ltd  
Vince Kulchycki, Chief Operating Officer, Lakeland Holding Ltd  
Deborah Randall-Wood, Chief Nursing Officer, WPSHC  
Heidi Stephenson, CFO and CIO, WPSHC  
Shawn Mullen, Operations Manager, WPSHC

### Project Details

The West Parry Sound Health Centre recently received a Save on Energy incentive from Lakeland Power for an equipment replacement project. By replacing one of their existing chillers, WPSHC is expected to save 195,673.00 kWh per year. At \$0.10 per kWh of first year savings, this incentive will be a boost to the hospital, who will also enjoy the energy savings for years to come. Lakeland Power is pleased to be able to continue to support WPSHC with a lighting replacement project that is pre-approved for a Save on Energy incentive, and will result in even greater annual electricity savings.

#### Equipment Replacement Project:

Eligible Incentive: \$ 19,567 + HST  
KWh Reduction: 195,673 kWh

Save on Energy programs include energy-saving initiatives that cost-effectively reduce energy use in Ontario, while providing customers with a wide range of opportunities and tools to help them better understand and manage their overall energy use. Programs include the Heating and cooling program which provides rebates for energy-efficient furnaces and air conditioners as well as Retrofit programs that provide incentives to businesses to upgrade to more efficient lighting systems and machinery.

Ontario's Conservation First Framework guides Ontario's conservation efforts. As part of the Framework, customers across Ontario will see innovative and cost-effective electricity conservation programs offered to homes, businesses and industries.

## *Lakeland Power Details*

"The Save on Energy programs provide a great opportunity to bring money into the community and help our customers implement projects to reduce their energy use," said Brian Elliott, Operations Manager of Lakeland Power. "Many projects wouldn't be implemented without these incentives and we're pleased to be able to make them available to our customers and municipalities."

Lakeland Power is committed to serving its customers and deliver Save on Energy Programs "In 2016, the Independent Electricity System Operator (IESO) moved into the Conservation First Framework, with a target of 15.77 Gigawatts (GW) of energy savings for Lakeland Power", said Chris Litschko, Chief Executive Officer for Lakeland Power. "I am proud to report that we are approaching two-thirds of that savings target at the half-way point of the Framework well ahead of plan. Our customers have received over \$500,000 in cash incentives, on top of the energy savings, and we are pleased to assist them with programs that can reduce their costs."

New programs are about to be released that will help residents and businesses save money. Visit Lakeland Power.on.ca or email [conservation@lakelandpower.on.ca](mailto:conservation@lakelandpower.on.ca)
