

Save on Energy – Audit Funding Cheque Presentation

Date	March 6, 2017
Location	500 Ontario St. Burks Falls
Time:	10:00am
Customer	Lofthouse Manufacturing
Project	Energy Audit Initiative - Building Systems Audit for Compressed Air
Present	Vince Kulchycki – Chief Operating Officer – Lakeland Power Dave Wilde – Project Coordinator – Lofthouse Manufacturing

Project Details

Lofthouse Brass has undertaken a Building Systems Audit for Compressed Air in order to investigate the efficiency and performance of the 4 air compressors in their 65,000 sq-ft facility, and look for possible improvements. Lakeland Power, through the Save on Energy program, contributed \$1,250.00 to this audit.

The audit results put forward several options for retrofitting equipment to reduce consumption and save energy.

Eligible Incentive: **\$ 1,250.00 + HST (total \$1,412.50)**

Save on Energy Details

Save on Energy conservation programs are designed to assist homeowners and businesses from the smallest retail stores to the largest industrial complexes to use energy more efficiently. The programs are supported through the Independent Electricity System Operator (IESO) and offered by Lakeland Power Distribution Limited

Save on Energy programs include energy-saving initiatives that cost-effectively reduce energy use in Ontario, while providing customers with a wide range of opportunities and tools to help them better understand and manage their overall energy use. Programs include the Heating and Cooling program which provides rebates for energy-efficient furnaces and air conditioners as well as Retrofit programs that provide incentives to businesses to upgrade to more efficient lighting systems and machinery.

Ontario's Conservation First Framework guides Ontario's conservation efforts. As part of the Framework, customers across Ontario will see innovative and cost-effective electricity conservation programs offered to homes, businesses and industries.

Lakeland Power Details

The Save on Energy programs provide a great opportunity to bring money into the community and help our customers implement projects to reduce their energy use,” said Brian Elliott, Operations Manager of Lakeland Power. “Many projects wouldn’t be implemented without these incentives and we’re pleased to be able to make them available to our customers and municipalities.”

Lakeland Power is committed to serving its customers and deliver Save on Energy Programs. “Lakeland Power has aggressive energy targets ahead of them”, said Chris Litschko, Chief Executive Officer for Lakeland Power. “In 2016 we entered the Independent Electricity System Operator’s (IESO) new Conservation First Framework, where we are set to reduce over 15 Gigawatts (GW) of energy. This is a huge undertaking but we are confident that it is reachable target. We are proud to work with local businesses in assisting them to reduce costs.”

New programs are about to be released that will help residents and businesses save money. Visit Lakeland Power.on.ca or email conservation@lakelandpower.on.ca
